

# How to get your homework done faster:

## Set work periods!

Plan out exactly when you will work on your assignments, and stick to the schedule.

## Break down big assignments!

Divide your big assignments into smaller subtasks that are easier to complete.

## Manage distractions!

Put away your phone, social media, and other distractors while you work on assignments.

## Write it in your planner!

Keep track of all of your assignments, extracurriculars, and personal to-dos in your planner.

## Set a time and place!

Set up a routine to start and end homework sessions, and create a comfortable, quiet place to work.
